

**Aims :**

A large amount of structured and unstructured data has been accumulated and archived locally as well as globally. There are clear tendencies to make use of them for open government, open research to lead to social innovation as a whole. Under these circumstances, this open symposium organizes relevant professionals from academia, standards institutes, government and industries for discussion on standardization aspects of the big data to highlight any current and near future issues.

**Host :** Graduate program for Social ICT Global Creative Leaders (GCL), The University of Tokyo  
Japanese Standards Association (JSA) backed up by  
Ministry of Economy, Trade & Industry (METI)

**Date :** 13:30~17:10, Wednesday, 6th November, 2013

**Venue :** Eng. Bldg.2 Lecture room 241, The University of Tokyo

**Fee :** Free

**Programme (tentative) :**

Time	Title	Speakers
13:30-13:35	Opening	Syuichi Sakai (Dean and Professor, Graduate School of Information Science and Technology, The University of Tokyo)
13:35-14:05	Keynote Speech Future of Big Data (tentative)	Masaru Kitsuregawa (Director General, National Institute of Informatics (NII) / Professor, Institute of Industrial Science, The University of Tokyo)
14:05-14:25	Lecture 1 For Expanding the Utilization of Big Data (tentative)	Junichi Eguchi (Director, Information service Industry Division, METI)
14:25-14:45	Lecture 2 Science of Big Data (tentative)	Akimichi Takemura (Professor, Graduate School of Information Science and Technology, The University of Tokyo)
14:45-15:05	Lecture 3 Big Data/Open Data Utilization Practice on Yahoo Japan	Masanori Kusunoki (Vice President, Identity Management, Yahoo! JAPAN)
15:05-15:25	Lecture 4 Semantic Interoperability for Big Data	Syuichi Tashiro (General Manager, Open standards Promotion center, Technology Headquarters, Information-technology Promotion Agency, Japan)
15:25-15:45	Lecture 5 Big data and Standardization (tentative)	Daniele Gerundino (Strategic Adviser to the Secretary-General, International Organization for Standardization)
15:45-16:00	Break	
16:00-17:00	Panel Discussion	Moderator : Masami Tanaka (Managing director, Standardization Research Center, JSA) Panelist : Speakers (speech 1 -5)
17:00-17:10	Closing	Masami Tanaka

## ◆ Application

### (1) Application

- Apply via following URL.  
<https://seminar.jsa.or.jp/seminar/bigdata.php>
- Upon your application, confirmation e-mail will be delivered. Please print it out and show it at the reception on the day.

### (2) Contact

Japanese Standards Association  
Administration and Coordination Department  
Email: [po@jsa.or.jp](mailto:po@jsa.or.jp) / TEL: 03-3583-8005
